

Sairen Rat Removal Tool

SaiRen

Sairen Rat Removal Tool

Thousands of years have been spent fighting the war between rats and humans. Who won?

The true winner has never been established. We must move to an age of coexistence.

Ezflex Sairen Rat Removal Tool protects your valuable assets from rats.

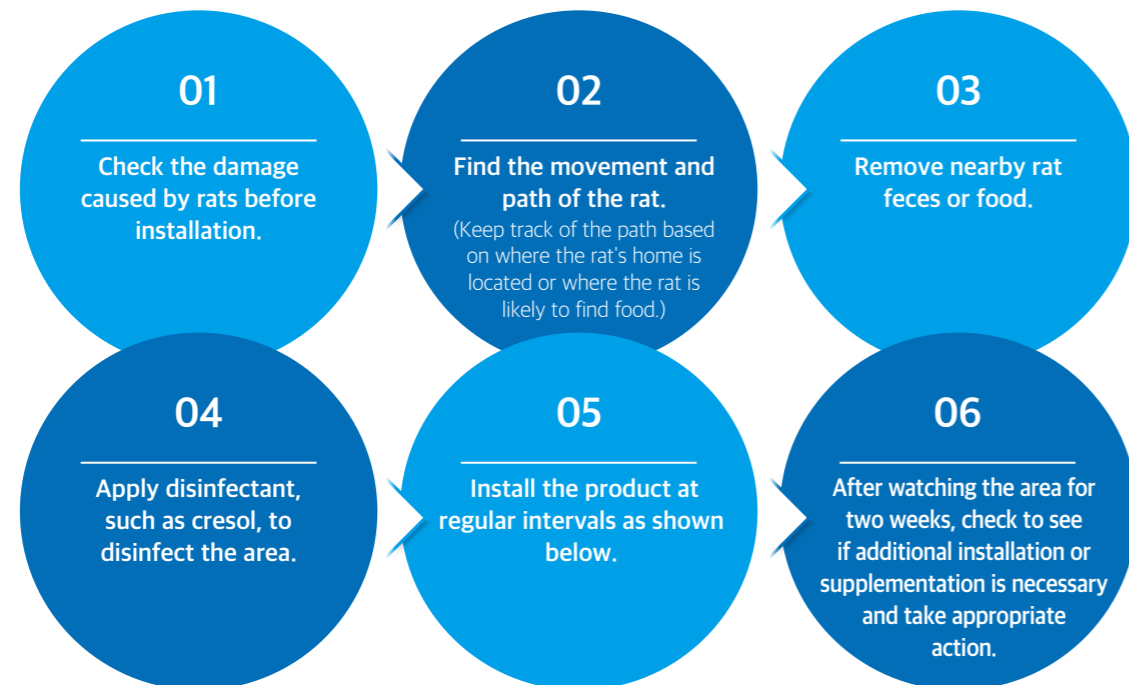

SaiRen Rat Removal Tool

+ What is SaiRen Rat Removal Tool?

SaiRen Rat Removal Tool is a directional product that blocks access to the area by causing an olfactory stimulation and disturbance using fragrances rats don't like.

+ How to Install

+ Installation Example Image

Thoroughly install the product at a distance of 30 cm on the wall along the expected path and around the rat hole.
(Rats will rarely cross this space as they are fearful and most always move along the wall.)

+ Tips for Using Product

01

Periodic Replacement of Removal Tool

The fragrance lasts for about **one month**, so it is necessary to replace the Removal Tool on a monthly basis. It is recommended that the product should be installed 30 minutes after the area has been sprayed with disinfectant to allow for the disinfectant to fade.

02

Clean the Installation Area

If the installation site is dirty or has food scattered around the area, the rats are likely to return. It is necessary to **continually clean the area around the installation site**.
